Dear Friends,

Warm greetings from the Academy of Pediatrics, Vadodara (AOPV)!

Vadodara, known for its magnificent Banyan trees, is also renowned for its annual pediatric event – VAPCON, the Vadodara Annual Pediatric Conference.

Over the years, VAPCON has garnered immense appreciation, thanks to the unwavering support and enthusiasm of our esteemed delegates. Your continued participation has enabled us to consistently attract the very best speakers to our programs. This year, we are proud to highlight the contributions of a new generation of talented pediatric super-specialists, whose expertise is elevating the standards of patient care in our community.

At VAPCON 2024, you will have the unique opportunity to learn from these rising stars and our own faculties in addition to national faculties as they share their insights on a range of cutting-edge topics. The conference will cover a diverse mix of subjects tailored to the interests of all practicing pediatricians. You will enhance your skills in managing different skin problems, gain knowledge from discussions on intriguing case studies, and deepen your understanding of allergies, nutrition, infectious diseases and potential pitfalls to avoid. Immunization, the cornerstone of pediatric practice, will be discussed in a panel, while our super-specialists will present advanced knowledge on Neonatology, adolescent health, cardiology and gastroenterology. Cyber issues and humour in pediatrics shall serve as cherry on cake.

Overall, VAPCON 2024 promises to be a comprehensive academic feast that will enrich your pediatric expertise.

We eagerly look forward to welcoming you to what promises to be another exceptional conference filled with learning with unmatched Barodian hospitality.

Warm regards,

Dr Snehal Shirolawala
Organising Chairman

Dr Afsana Patel
Organising Secretary

Team Academy of Pediatrics, Vadodara
